The All-New 2014 Transit Connect

THE MULTIPURPOSE VEHICLE FOR A MULTITUDE OF JOBS

Introducing a bold new expression of the multipurpose vehicle: the all-new 2014 Transit Connect. Available in customizable Van and Wagon models, Transit Connect appeals to anyone who has people to transport, cargo to haul, a business to run, teams to shuttle or simply needs to get the job done in the most efficient way possible.
The all-new 2014 Transit Connect is purpose-built to meet the needs of an even broader range of customers. Both Van and Wagon models offer two wheelbase options, along with a host of choices that are tailored for a variety of uses. Whether for personal use or for business, the Ford Transit Connect is ready for anything.

Transit Connect Van is the ideal solution for people who need a flat load floor to transport tools, supplies, cargo or bulky items. Plumbers, electricians and professional tradespeople of all kinds will appreciate the large cargo capacity, low load floor height and convenient amenities designed to make their jobs easier.
Transit Connect Wagon brings exceptional flexibility to the multipurpose vehicle market. With a wide variety of convenient and premium options, Transit Connect Wagon appeals to a wide range of buyers. From taxis and shuttles to personal use transportation, the Transit Connect Wagon is the ideal vehicle to move people and their belongings comfortably.

HELPING YOUR CUSTOMERS MAKE A DECISION

With so many ways to use the Transit Connect, it’s important that you thoroughly assess your customers’ needs before recommending a solution. The following pages are packed with tools to help.

- Information to help differentiate between models
- Standard and optional equipment for each trim level
- Basic specifications
- Vehicle configurations
- Seating options
- Exterior colors
- Interior fabrics
- Wraps and upfits
Transit Connect Van is designed to meet the challenges of workplace demands. Begin your assessment by asking about the type of cargo they’ll transport, and then go on from there.

Note: The assessment below covers the basic differences between the four Transit Connect Van configurations and is a starting point for making a recommendation. This can be used in conjunction with the Selling U Needs Assessment.

For a full list of standard features and options, please see pages 05-07. For information on vehicle configurations and key glass options, see page 12.

PERSONAL PREFERENCES

When it comes to customizing Transit Connect, the possibilities are nearly endless.

MOBILE BUSINESS CARD

Large side panels enable business customers to add Custom Graphics by Original Wraps™ and turn their new Transit Connect into a rolling advertisement.

- Customers can choose from a wide variety of vinyl designs or upload their own
- Wraps are printed with only the finest 3M™ vinyl and laminated for protection
- Wraps are all removable, residue-free, durable and scratch-resistant
- Visit fordcommercialgraphics.com for additional information

UPFITTING TRANSIT CONNECT VAN

With the new online Racks and Bins Configurator, it’s now easier than ever to deliver customized racks-and-bins ship-thru packages for Transit Connect Van models.

Customize upfit packages with a drag-and-drop interactive tool that lets your customers visualize the van interior before placing the order.

Choose products from the best names in the upfit business — Adrian Steel®, Masterack® and Sortimo®.

Save time — Using transitupfits.com makes placing orders easy and less time-consuming. Vehicles are delivered to your dealership fully equipped to your customers’ specifications.
