

Help improve uptime with our compliments.

Get more time to get back to business. On us.

Easy-to-use, complimentary Ford Telematics Essentials* can help you save time and get back to business by improving vehicle uptime in several ways:

Easy Vehicle Health insights on demand such as odometer readings, Diagnostic Trouble Codes (DTCs), oil life, engine hours and recalls.

Dealer scheduling capability helps booking maintenance and repairs simple and quick. (Available late summer 2021)

Remote lock/unlock capability provides easy, 24/7 access to your vehicles. (Available fall 2021)

Over-the-Air (OTA) Software Update Manager helps you avoid inconvenient update times and maximize uptime. (Available spring 2022)

To find out more, call us at **833-811-FORD (833-811-3673)**, email fcs1@ford.com or visit commercialsolutions.ford.com.

*Available on Ford vehicles with embedded modem. Requires modem activation and agreement to digital Terms and Conditions. Complimentary access will exist for the life of the vehicle or the life of the product. Connected service and features, and access to vehicle data, depend on subscription and compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.

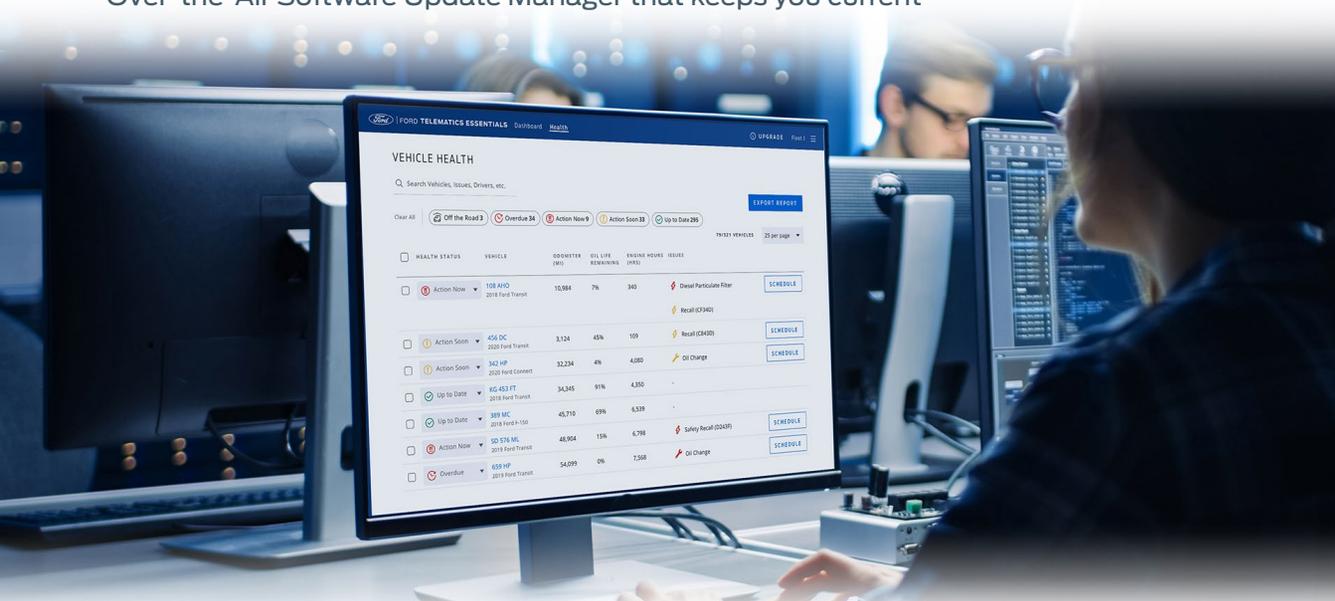

FORD COMMERCIAL SOLUTIONS

Ford Telematics Essentials

Stay productive and in compliance easily.

It's clear and simple: Ford-engineered, factory-installed modems, required for Ford Telematics Essentials, connect your vehicles seamlessly with this complimentary product and your vehicle data. Product benefits include:

- Dashboard that gives you information at a glance
- Vehicle Health monitoring that keeps you up-to-date
- Dealer scheduling capability that can help minimize vehicle downtime
- Over-the-Air Software Update Manager that keeps you current

Want more? That's easy, too.

Get even more vehicle data and insights to help save time managing your fleet with Ford Telematics[†] and features like GPS tracking and geofencing, driver behavior insights, fuel efficiency and much more.

And you can optimize the operations of your entire fleet: We can also connect to Ford vehicles without an embedded modem as well as non-Ford vehicles.

[†]Available on vehicles with embedded modem or equipped with Plug-In Device (PID). Requires modem activation. Ford Telematics and Ford Data Services™ are subscription services subject to agreement to FSM Terms and Conditions. Subscription subject to monthly charge. Subject to OFAC and credit check for subscription eligibility. Connected service and features, and access to vehicle data, depend on subscription and compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.
