Go with the direct flow
for your vehicle data.

Using a built-in modem with an external antenna provides reliable connectivity without the extra cost and hassle of plug-in devices.

Direct access to manufacturer-grade data and an integrated, seamless user experience.

Easy access to your data via an authorized third-party service provider or your proprietary system.

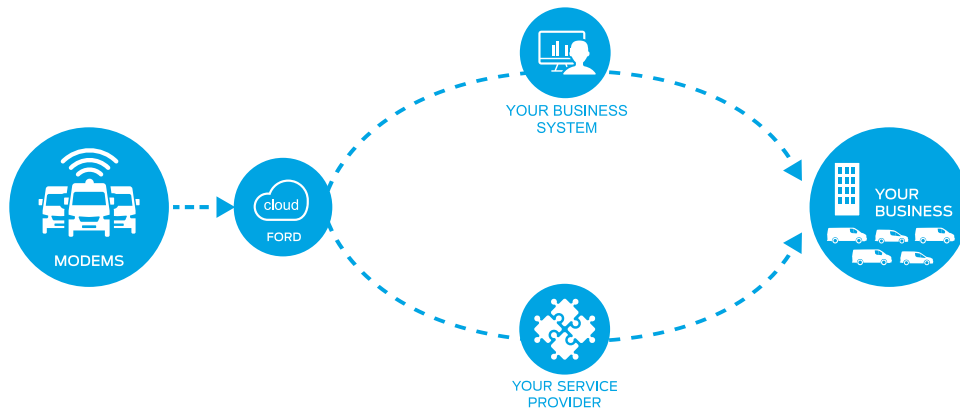

Trust Ford to keep you moving simply with confidence.

Your data, where you want it. No translation required.

Your vehicles' built-in modems* send data signals directly to the cloud. We keep your business moving by providing data access to your business system or through an authorized third-party service provider.

Available vehicle data includes:

- Odometer Reading
- Fuel Level
- Vehicle Location
- Vehicle Health Alerts
- Diagnostic Trouble Codes
- Real-Time Alerts
- Driver Behavior
 - Speed/Excessive Idle
 - Harsh Brake/Acceleration
 - Seat Belt Usage

Easy access to your data, unfiltered by plug-ins.

AUTHORIZED SERVICE PROVIDERS LEVERAGING FORD DATA SERVICES™

*Available on vehicles with embedded modem or equipped with plug-in device (PID). Requires modem activation. Ford Telematics and Ford Data Services are subscription services subject to agreement to FSM terms and conditions. Subscription subject to monthly charge. Subject to OFAC and credit check for subscription eligibility. Connected service and features, and access to vehicle data depend on subscription and compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.
